DESCRIPTION

ThermoLine Keratin Straightening Treatment is a special and simple to use formula that instantly straightens out hair texture and retains the hair's resilience, resulting in shiny, silky, rejuvenated and healthy hair using an intense conditioning therapy without breaking hair bonds. Powerful treatment which is enhanced for tough cases of curly, coarse and resistant hair.

Perfect blend of natural resins, oils and vegetable extracts penetrates deeply leaving hair elastic, flexible, soft and with a naturally radiant shine.

Calm down your wavy hair, straighten your thick curls and turn your voluminous hair into manageable and sleek, with effects that last months
